Summer 2026 changes for incoming and current Students:

In addition to “Fall 2025/Spring 2026 School Catalog”, the following policy changes are in effect and replace/update those original policies with the same name for the Fall 2025/Spring 2026 Catalog.

Note: When the entire policy is not listed, any part of the policy not listed in the table below remains in place unchanged.

Page #	Printed State	Corrected State
3	<u>Background Checks and Convictions</u> Please see the following link for the IL State Board of Nursing application regarding licensure and criminal convictions. Click on the Applicants FAQs dropdown for a PDF with more information: https://idfpr.illinois.gov/About/FAQ.asp	<u>Background Checks and Convictions</u> The institution does not guarantee that a student will be eligible for licensure upon program completion. Students with a criminal history are encouraged to seek clarification regarding their eligibility directly from the appropriate licensing authority.
10	<u>Extenuating Circumstances</u> 5) Death in the immediate family such as spouse/parent/sibling/dependent with death notice or funeral home document.	<u>Extenuating Circumstances</u> 5) Death in the immediate family such as spouse/parent/sibling/dependent/grandparent with death notice or funeral home document.
12	<u>Emergency Leave</u> An Emergency Leave provides an opportunity for a student to withdraw from all courses up to the end of week 10 of the semester. All Emergency Leave requests must be submitted within 10 days after the last date of attendance.	<u>Emergency Leave</u> An Emergency Leave provides an opportunity for a student to withdraw from all courses. up to the end of week 10 of the semester. All Emergency Leave requests must be submitted within 10 days after the last date of attendance. Promptly following the last date of attendance and no later than the institution’s established deadline notice.
16	<u>Video and Audio Surveillance</u> <i>Future state added</i>	<u>Video and Audio Surveillance</u> ATS Institute of Technology utilizes continuous video and audio surveillance in designated areas of its facilities to promote safety and security, protect persons and property, and support investigations into violations of law or institutional policy. Prominent signage provides notice that the Institution uses audio and video surveillance equipment in monitored locations in and around its campus. By entering monitored areas, individuals consent to this Surveillance Policy.

		Surveillance operates in common areas and other public, shared, instructional, and administrative spaces, including, but not limited to, entrances, exits, hallways, classrooms, laboratories, student common areas, and designated staff and faculty offices. Video and audio surveillance will not be conducted in areas where individuals have a reasonable expectation of privacy, including restrooms, locker rooms, and changing areas. Recorded footage and audio may be accessed, reviewed, retained, disclosed, and used by the Institution in accordance with applicable laws and institutional procedures.
26	<u>Student Account deactivation</u> <i>Future state added</i>	<u>Student Account deactivation</u> After graduation, the student's Google account will be converted to an email-only account, and access to all other school Google applications will be disabled.
39	<u>Presidential Scholarship Deferment</u> If a student, who has been awarded a scholarship, takes an approved leave of absence or emergency leave, the scholarship will be placed in deferment for the following semester. If a student who previously received the scholarship returns to the program from leave or readmission; they may be eligible to be awarded if the minimum eligibility requirements are met prior to the semester awarded.	<u>Presidential Scholarship Deferment</u> If a student, who has been awarded a scholarship, takes an approved leave of absence or emergency leave, the scholarship will be placed in deferment for the following semester terminated. If a student who previously received the scholarship returns to the program from leave or readmission; they may be eligible to be awarded if the minimum eligibility requirements are met prior to the semester awarded for reinstatement, provided that the minimum requirements are met and were also satisfied in the last completed term.
Appendix R	<u>ATS Clinical/Simulation Expectations</u> ● Absence Limitations and Documentation ○ More than one absence may prevent a student from meeting clinical course objectives. ○ Documentation is required within one week for absences due to illness or personal emergency. ○ No Show/No Call incidents may result in clinical failure.	<u>ATS Clinical/Simulation Expectations</u> ● Absence Limitations and Documentation ○ More than one absence may prevent a student from meeting clinical course objectives, leading to course failure. Refer to the course syllabus for details. ○ Documentation is required within one week for absences due to illness or personal emergency.

	○ Absences in clinical may result in clinical probation in the following semester. ○ Students placed on clinical probation are subject to the following attendance requirements: ■ Only ONE clinical absence will be allowed during the probationary semester. Any additional absence may result in failure of the course. ■ Students are encouraged to communicate proactively with faculty regarding any attendance concerns. Students who do not have any clinical absence during this period will be removed from probation for the following semester. Otherwise, they will continue on probation the following semester.	○ No Show/No Call incidents may result in clinical failure. ○ Absences in clinical may result in clinical probation in the following semester. ○ More than one absence in clinical will result in clinical probation in the following semester. ○ Students placed on clinical probation are subject to the following attendance requirements. ■ Only ONE clinical absence will be allowed during the probationary semester.
